Two Old Republicans, Encore

-What's that line about historical development? It goes from tragedy to farce?

-The opposite. But the farcical phase of the Republican Party will sustain. We can't get to tragedy with the puny cast of caricatures we have now.

-Like bad casting for a cheap horror film. How long, O Lord, how long?

-Forever'll seem short.

-I don't know yet that I completely understand it. Where went all our good will?

-Spent it.
